

NSBE-MIT Sponsorship Packet

2022-2023

“To increase the number of culturally responsible black engineers who excel academically, succeed professionally, and positively impact the community.”

- NSBE Mission Statement

What is NSBE?

The mission of the National Society of Black Engineers is ***"to increase the number of culturally responsible Black Engineers who excel academically, succeed professionally and positively impact the community."***

We envision a world in which engineering is a mainstream word in homes and communities of color, and all Black students can envision themselves as engineers. In this world, Blacks exceed parity in entering engineering fields, earning degrees, and succeeding professionally.

The National Society of Black Engineers strives to accomplish the following objectives for our organization:

- Stimulate and develop student interest in the various engineering disciplines
- Strive to increase the number of minority students studying engineering at both the undergraduate and graduate levels
- Encourage members to seek advanced degrees in engineering or related fields and to obtain professional engineering registrations
- Promote public awareness of engineering and the opportunities for Blacks and other minorities in that profession
- Function as a representative body on issues and developments that affect the careers of Black Engineers

Innovative project ideas are generated and implemented throughout the year on the chapter, regional and national levels. Some of NSBE's present activities include tutorial programs, group study sessions, high school/junior high outreach programs, technical seminars and workshops, a national communications network (NSBENET), two national magazines (NSBE Magazine and NSBE Bridge), an internal newsletter, a professional newsletter (Career Engineer, a supplement in NSBE Magazine), resume books, career fairs, awards, banquets and an annual national convention.

Excellence. Exposure. Community. Empathy. Leadership.

Meet our chapter!

Bruke Wossenseged is President of the NSBE-MIT Chapter. He studies Electrical Engineering and Computer Science, and spends her free time watching sunsets, playing soccer, and eating new foods.

Aman Abraham is Vice President of the NSBE-MIT Chapter. He studies Electrical Engineering and Computer Science. He loves engineering, travelling and playing board games.

Liam Forges is Treasurer of the NSBE-MIT Chapter. He studies Computer Science, Data Science, and Economics. He likes to watch movies, learn fun facts, and be active.

Riley Contee is Secretary of the NSBE-MIT Chapter. She studies Electric Engineering and Computer Science. She enjoys listening to music, watching movies and going to the beach.

Autumn Rose is the Programs Director of the NSBE MIT Chapter. She studies Computer Science, Neuroscience and Data Science. She loves traveling to new places, learning new cultures and puzzles..

Why sponsor us?

We appreciate all of our generous sponsors!

Our sponsors range from global titans to midsize minority owned businesses, and it is through their support that we can do all of the work that we do. Companies choose to support our chapter for two main reasons:

To support the NSBE mission.

Supporting our chapter directly supports the NSBE mission. Throughout the year, we organize activities to support our members academically and advance them professionally. You can find NSBE-MIT members at conferences and networking events across the country! Our impact also extends beyond our own chapter via our outreach programs, supporting younger students in local communities.

To recruit top engineering students.

The students in our chapter are some of the best in the world. Companies need to hire these students, and these students need to work where they know they will be supported. By becoming a NSBE sponsor, you're making a statement: "You are the company that values what they have to offer."

A photograph of three young Black women smiling and hugging each other. They are standing in front of a large, colorful mural depicting religious figures, possibly angels or saints, with halos and flowing robes. The woman on the left has long dreadlocks and is wearing a black long-sleeved top. The woman in the middle has short curly hair and is wearing a black V-neck top. The woman on the right has long braids and is wearing a black short-sleeved top. They are all wearing black skirts or dresses. The woman on the right is also wearing a necklace and a bracelet. The woman in the middle is wearing a bracelet. The woman on the left is wearing a ring. The text is overlaid on the left side of the image.

“When I send my resume to companies, I always start with our sponsors because I already know that they’re invested in my success.”

Tiers of Sponsorship

DIAMOND

\$6000 and up

PLATINUM

\$5000-\$5999

GOLD

\$3000-\$4999

SILVER

\$2000-\$2999

BRONZE

\$1000-1999

Package Breakdown

	Bronze	Silver	Gold	Platinum	Diamond
Event of your choosing with the NSBE-MIT chapter	✓	✓	✓	✓	✓
Invitation to NSBE-MIT Networking Events	✓	✓	✓	✓	✓
Personalized Thank-You Package from NSBE-MIT	✓	✓	✓	✓	✓
Company recognition on the NSBE-MIT webpage		✓	✓	✓	✓
Invitation to a NSBE-MIT General Body Meeting		✓	✓	✓	✓
Two tickets to the MIT Ebony Affair		✓	✓	✓	✓
Job postings on the NSBE-MIT webpage			✓	✓	✓
Access to the NSBE-MIT General Body Resume Book			✓	✓	✓
An additional event of your choosing with the NSBE-MIT chapter				✓	✓
Company logo on NSBE-MIT merchandise (shirts, jackets, etc. that our members wear)				✓	✓
Scholarship given to MIT-NSBE member(s) under company name					✓

What are some typical sponsor events?

General Info Session

All of our partnerships begin with a “Get to Know Us” event! At these events, company representatives have the opportunity to show off who their company is and what they do! Their presentation is followed by some casual mingling with our chapter members.

Case Study Workshops

The favorite event of consulting firms and intelligence agencies! Company representatives prepare a realistic case study and work through them with members of our chapter. A great way to see just how clever MIT engineers can be!

Resume Workshop

These events go beyond mingling or networking with students. This is the opportunity to listen to the stories of our chapter members, to understand what each has to offer, and then to help them shape their story in a resume.

Mock Interview

Let's get straight to it! Mock interviews are great experience, especially for the underclassmen in our chapter. And, since they give sponsor representatives the chance to literally interrogate our members and find out who they are, it's a win-win!

Dinner

Keep it simple! At a local restaurant or on campus, connect with our chapter in the most natural and enjoyable way possible.

Visit to HQ

Does your company have a cool office space worth showing off? Our members would love a visit!

October

Fall Zone Conference

The first conference of the academic year, chapters of the New England Zone convene to participate in workshops and competitions.

November

Fall Regional Conference

The NSBE enthusiasm is an undeniable force at the Northeastern Region's annual fall meeting, with its highly anticipated career fair, informative workshops, and more intense academic competitions.

Fall/Winter

Networking Dinners

An opportunity for members of NSBE-MIT and other minority-serving groups to connect with employers in a casual setting. All company sponsors will receive an invitation to this event.

February

Black History Month

A series of events are held during the month of February, emphasizing the role of African-Americans in history and STEM. This series is a collaboration of many different groups of the Black Community at MIT.

March

NSBE Annual Convention (National)

The pinnacle of NSBE events, this convention gathers chapters from across the nation to compete at the highest level, network, fellowship, and dive into the wide-ranging opportunities presented at the career fair.

April

Ebony Affair Gala

Ebony Affair is an elegant gala for the recognition and honoring of members of the MIT Black Community. At this event, the Executive Boards of the Organizations participating are transitioned and honored. It is also a chance for members of the community to show their appreciation for those students, administrators, faculty, staff, and alumni that work so hard for the community.

We look forward to working with you!
