

NSBE-MIT Sponsorship Packet

2023-2024

“To increase the number of culturally responsible black engineers who excel academically, succeed professionally, and positively impact the community.”

- NSBE Mission Statement

What is NSBE?

The mission of the National Society of Black Engineers is *"to increase the number of culturally responsible Black Engineers who excel academically, succeed professionally and positively impact the community."*

We envision a world in which engineering is a mainstream word in homes and communities of color, and all Black students can envision themselves as engineers. In this world, Blacks exceed parity in entering engineering fields, earning degrees, and succeeding professionally.

The National Society of Black Engineers strives to accomplish the following objectives for our organization:

- Stimulate and develop student interest in the various engineering disciplines
- Strive to increase the number of minority students studying engineering at both the undergraduate and graduate levels
- Encourage members to seek advanced degrees in engineering or related fields and to obtain professional engineering registrations
- Promote public awareness of engineering and the opportunities for Blacks and other minorities in that profession
- Function as a representative body on issues and developments that affect the careers of Black Engineers

Innovative project ideas are generated and implemented throughout the year on the chapter, regional and national levels. Some of NSBE's present activities include tutorial programs, group study sessions, high school/junior high outreach programs, technical seminars and workshops, a national communications network (NSBENET), two national magazines (NSBE Magazine and NSBE Bridge), an internal newsletter, a professional newsletter (Career Engineer, a supplement in NSBE Magazine), resume books, career fairs, awards, banquets and an annual national convention.

Excellence. Exposure. Community. Empathy. Leadership.

Meet NSBE Exec!

Autumn Artist ('25) is President of the NSBE-MIT Chapter. She studies Computer Science, Neuroscience and Data Science. She loves traveling to new places, learning about new cultures, and puzzles.

Will Reed ('26) is Vice President of the NSBE-MIT Chapter. He studies Computer Science, specifically AI and Decision Making. He is from Phoenix Arizona, and likes to play basketball.

Liam Forges ('25) is Treasurer of the NSBE-MIT Chapter. He studies Computer Science, Data Science, and Economics. He likes to watch movies and learn fun facts.

Riley Contee ('25) is Secretary of the NSBE-MIT Chapter. She studies Electric Engineering and Computer Science. She enjoys listening to music, watching movies, and going to the beach.

Ayyoob Berhane ('26) is Programs Director of the NSBE-MIT Chapter. He studies Physics and Math. He likes to bike, listen to music, and read.

Meet NSBE Exec!

Evan Hutchinson ('25) is Academic Excellence Chair of the NSBE-MIT Chapter. He studies Mechanical Engineering, Electrical Engineering, and Computer Science. He loves playing video games, lifting weights, and watching movies.

Justin Okorie ('26) is Student-Engagement Chair of the NSBE-MIT Chapter. He studies Computer Science and Electrical Engineering. He loves playing basketball, going hiking, snowboarding, puzzles, thrillers, thought experiments and eating good food.

Amina Abdalla ('25) is Community Outreach Chair of the NSBE-MIT Chapter. She studies Biological Engineering. She loves reading, taking long walks, and desserts.

Ugo Okwuadigbo ('26) is Finance Chair of the NSBE-MIT Chapter. He studies Chemical-Biological Engineering. He is an avid Sprite lover and his favorite show is the Amazing World of Gumball.

Meet NSBE Exec!

Krystal Montgomery ('26) is Public Relations Officer of the NSBE-MIT chapter. She studies Computer Science and Design. She runs on the track team, loves to go thrifting, and explore new food places!

Karen Andre ('25) is Telecommunications Chair of the NSBE-MIT Chapter. She studies Computation and Cognition and minors in Women and Gender Studies. She likes to work out and her favorite sport is soccer.

Charmelle Mhungu ('25) is Mental Health and Wellness Chair of the NSBE-MIT Chapter. They study Art and Design in the Department of Architecture and Planning. They love hiking, baking cinnamon rolls, and reading.

Olivia Dias ('25) is Membership Chair of the NSBE-MIT Chapter. She studies Computer Science and Design. She runs on the track team doing 400 meter track and field. She speaks Japanese, likes to watch anime, and loves dancing.

Why sponsor us?

We appreciate all of our generous sponsors!

Our sponsors range from global titans to midsize minority owned businesses, and it is through their support that we can do all of the work that we do. Companies choose to support our chapter for two main reasons:

1. *To support the NSBE mission.*

Supporting our chapter directly supports the NSBE mission. Throughout the year, we organize activities to support our members academically and advance them professionally. You can find NSBE-MIT members at conferences and networking events across the country! Our impact also extends beyond our own chapter via our outreach programs, supporting younger students in local communities.

2. *To recruit top engineering students.*

The students in our chapter are some of the best in the world. Companies need to hire these students, and these students need to work where they know they will be supported. By becoming a NSBE sponsor, you're making a statement: "You are the company that values what they have to offer."

A photograph of three young Black women in black dresses, smiling and posing together in front of a large mural. The woman on the left has long brown dreadlocks and is wearing a black long-sleeved top and skirt. The woman in the middle has short black hair and is wearing a black V-neck top and skirt. The woman on the right has long black braids and is wearing a black short-sleeved top and skirt. They are all smiling broadly. The background is a large mural with religious figures, including a central figure with arms raised. The text is overlaid on the left side of the image.

“When I send my resume to companies, I always start with our sponsors because I already know that they’re invested in my success.”

Tiers of Sponsorship

DIAMOND

\$6000 and up

PLATINUM

\$5000-\$5999

GOLD

\$3500-\$4999

SILVER

\$2500-\$3499

BRONZE

\$1500-2499

Package Breakdown

	Bronze	Silver	Gold	Platinum	Diamond
Event of your choosing with the NSBE-MIT chapter	✓	✓	✓	✓	✓
Invitation to NSBE-MIT Networking Events	✓	✓	✓	✓	✓
Company recognition on the NSBE-MIT webpage		✓	✓	✓	✓
Job postings on the NSBE-MIT webpage <i>**posted prior on Handshake**</i>		✓	✓	✓	✓
Invitation to a NSBE-MIT General Body Meeting			✓	✓	✓
An additional event of your choosing with the NSBE-MIT chapter			✓	✓	✓
Access to the NSBE-MIT General Body Resume Book <i>**through Handshake**</i>				✓	✓
Scholarship given to MIT-NSBE member(s) under company name					✓
An additional event of your choosing with the NSBE-MIT chapter					✓

What are some typical sponsor events?

Employee Panels

All of our partnerships begin with a “Get to Know Us” event! At these events, company representatives have the opportunity to show off who their company is, what they do and answer any questions our members may have! The panel is followed by some casual mingling with our chapter members.

Mock Interview

Let’s get straight to it! Mock interviews are great experience, especially for the underclassmen in our chapter. And, since they give sponsor representatives the chance to literally interrogate our members and find out who they are, it’s a win-win!

Case Study Workshops

The favorite event of consulting firms and intelligence agencies! Company representatives prepare a realistic case study and work through them with members of our chapter. A great way to see just how clever MIT engineers can be!

Resume Workshop

These events go beyond mingling or networking with students. This is the opportunity to listen to the stories of our chapter members, to understand what each has to offer, and then to help them shape their story in a resume.

Dinner

Keep it simple! At a local restaurant or on campus, connect with our chapter in the most natural and enjoyable way possible.

Visit to HQ

Does your company have a cool office space worth showing off? Our members would love a visit!

October

Fall Zone Conference

The first conference of the academic year, chapters of the New England Zone convene to participate in workshops and competitions.

November

Fall Regional Conference

The NSBE enthusiasm is an undeniable force at the Northeastern Region's annual fall meeting, with its highly anticipated career fair, informative workshops, and more intense academic competitions.

Fall/Winter

Networking Dinners

An opportunity for members of NSBE-MIT and other minority-serving groups to connect with employers in a casual setting. All company sponsors will receive an invitation to this event.

February

Black History Month

A series of events are held during the month of February, emphasizing the role of African-Americans in history and STEM. This series is a collaboration of many different groups of the Black Community at MIT.

March

NSBE Annual Convention (National)

The pinnacle of NSBE events, this convention gathers chapters from across the nation to compete at the highest level, network, fellowship, and dive into the wide-ranging opportunities presented at the career fair.

April

Ebony Affair Gala

Ebony Affair is an elegant gala for the recognition and honoring of members of the MIT Black Community. At this event, the Executive Boards of the Organizations participating are transitioned and honored. It is also a chance for members of the community to show their appreciation for those students, administrators, faculty, staff, and alumni that work so hard for the community.

We look forward to working with you!
